

COUNTY BOARD APPROVES FOUR EXTRA ROOMS AT YORK SPRINGS

Approval was given by the county school board Monday evening, at a meeting in the Court House, to plans of the North Adams Joint School district to add four rooms to the present high school building in York Springs.

The four rooms will be used to house elementary students and are in keeping with the plan to convert the present York Springs high school structure into an elementary building when and if a new high school is authorized for the jointure.

M. S. Hershey, York Springs director, who is a member of the county board, said the system hopes to have the four rooms available as close to the beginning of the next school year as possible. The elementary classrooms are already overcrowded and the addition of the new first grade students this fall makes the new many elementary rooms have up to 50 and more students in them, he said.

Talk Convention Plans

The addition will be two-story, with two classrooms on the first floor and two on the second, in keeping with the architecture of the present building.

Most of Monday's meeting was devoted to plans for the quadrennial convention held this morning.

Richard C. Lighter, county supervisor of agricultural education, and Dr. George A. W. Stouffer Jr., supervisor of special education, reported that, as a result of a meeting Monday at Harrisburg, the county school directors at their convention today would have to vote on what they wished to do about continuance of the supervisor of special education.

Decision Due Today

Lighter and Stouffer said that all counties of the state had been called into session at Harrisburg Monday to discuss redistricting for by supervisors of special education.

At present the supervisor of special education's time is divided between Adams and Perry Counties.

According to the discussion at Harrisburg, Lighter said, apparently Dr. Stouffer's territory would be extended to include a third county unless Adams decides to have a full time supervisor of special education.

Because of the distances involved in a territory that would include Adams, Huntingdon and Perry Counties, the supervisor of special education would be unable to devote much time per week to any of the counties, the directors held.

No Great Extra Cost

Rowe Martin, vice president of the county board, said he would present a resolution at the county (Continued on Page 6)

GLEE CLUB WILL GIVE CONCERT ON WEDNESDAY

The Gettysburg Junior High School Glee Club, composed of eighty-five voices under the direction of Miss Joan Spangler, will present its annual Easter program in the Gettysburg High School auditorium, Wednesday afternoon at 1:15 o'clock. The public is invited.

The concert will include the following numbers: "The Palms," Larry Pette, soloist; "Open the Gates of the Temple," Faye Wenchoff, soloist, and a vocal selection "Into the Woods," by Susan Korte.

The chorale will sing "Were You There" with Donna Fissel, soloist, and the favorite Easter selection, "In the End of the Sabbath." The Glee Club will offer "Before the Dawn," and "Lift Up Your Heads," with Janet Stuckey soloist.

The chorus will join in singing "Christ is Risen" and "Lamb of God" with Sally Smith as soprano soloist. The Glee Club will conclude the program with "The Lord's Prayer."

Concert narrator will be Luther S. Sachs Jr. Miss Anne Jordan and Wyn Wagnle are accompanists. The pageant is under the direction of Miss June Roush, assisted by Mary Mason, Shirley Fox, Patsy Knox, Jack Crist, and Gary Keffer. Stage-crew will be Henry Fox Bill Swisher, Dave Welker, and Kenneth Mummert.

Dr. Baughman To Be Graduation Speaker

Dr. Harry F. Baughman, president of the Gettysburg Lutheran Theological Seminary, will be the speaker for the Gettysburg High School commencement exercises to be held Sunday evening, May 30, in the high school gymnasium.

Announcement of the speaker's selection was made by Dr. Lloyd C. Keefeauver, Gettysburg superintendent of schools, at the April meeting of the Gettysburg Joint School Board.

Dr. Baughman's son, Peter, is a member of the graduating class.

FIRE POLICE WILL ELECT AT NEXT MEETING

Nomination of officers took place Monday evening at a meeting of the Adams County Fire Police Association at the Fire Engine House.

The officers will be elected at a meeting to be held in Aspers May 10. Nominated were: For president, Charles W. Culp Jr., the incumbent, and Harry Sease, Fairfield; vice president, Paul Hollinger, Littlestown, and Carl Warren, Fairfield; recording secretary, Robert Shriver, Gettysburg, and Glenn Crouse, Kingsdale; assistant secretary, Levere Hamme, Gettysburg, and Wilbur Mayers, Littlestown; treasurer, Clarence Cline, York Springs, and Rudolph Crouse, New Oxford.

Issue Auto Tags

Tags, to be used on their autos during emergencies, identifying them as Civil Defense Auxiliary Police, were issued to those members of the fire police who also serve as auxiliary police under the county Civil Defense program. President Culp explained that the tags are not to be placed until an actual emergency occurs and that the tags will then permit the auxiliary police to reach their posts of duty and permit them passage on the highways in connection with their work.

Certificates from the State Council of Civil Defense showing that they have successfully completed their instruction as auxiliary police were presented to those members of the county organization who completed the recent eight-week auxiliary police school conducted here.

Culp urged attendance by the fire police at a general Civil Defense meeting to be held at the Court House here during the week of June 14.

YW OFFICERS ARE RE-ELECTED MONDAY NIGHT

All officers of the YWCA were re-elected Monday evening at an organization meeting in the "Y." President Mrs. Frank H. Kramer presided. They include: Mrs. Kramer, president; Mrs. John S. Rice, vice president; Mrs. J. C. Donley, secretary, and Mrs. Clark Smith, treasurer.

Devotions were conducted in a Lenten theme by Mrs. Louise Stanton. Newly elected members, Mrs. E. H. Johnson, Mrs. Wayne M. Keet and Mrs. Luther E. McDonnell, were introduced. Mrs. Clark Smith presented the treasurer's report. Mrs. Clarence Smith served as secretary in the absence of Mrs. Donley. Mrs. J. A. Blackburn reported on a recent Public Affairs conference she attended in Washington, D. C., as a representative of the local Y.

Join C. D. Survey

At the suggestion of the Women's Civic Council the Board voted to participate in the survey which will be made for civil defense purposes.

An invitation was received from the Gettysburg Council of Churchwomen to attend their May Fellowship luncheon at the Church of the Brethren on May 7.

Mrs. John D. Teeter gave her final report as house chairman and Mrs. Clarence Smith, program chairman, reported on the annual meeting held in April. The Membership Committee reported three new members. Mrs. Fred Pfeiffer, retiring volunteer personnel chairman, said that 14 volunteers had served in the office. Miss Martha Stallsmith reported for the Business and Professional (Continued on Page 6)

B. Franklin Blair Is Buried Today

Funeral services for B. Franklin Blair, 95, Fort Lauderdale, Fla., who died Saturday at the Broward General Hospital, Fort Lauderdale, were conducted this morning, at 10 o'clock, in the Fred F. Feiser Funeral Home, New Oxford. The Rev. Amos Meyers, pastor of the Emory Methodist Church, New Oxford, officiated.

The pallbearers were: Arthur Cashman, Dr. Moses H. Baker, Alvin Jones, G. W. Sadler, H. B. Miller, and Charles Cook. Interment was in the New Oxford Cemetery.

JOINT SCHOOL BUDGET GIVEN TENTATIVE OK

The Gettysburg Joint School Board Monday evening gave preliminary approval to a \$435,430 budget for the 1954-1955 school year and ordered it advertised in preparation for final adoption in May.

Meeting in the industrial arts room at the high school building with all but four of the 37 members in attendance, the directors went over the proposed budget that compares with estimated expenditures for the current year of \$386,865.

Chief increases are in teachers' salary costs, provision for the possible addition of two teachers, extensive changes in the worn out heating plant at Meade school and comparatively small increases in plant operation costs and other "fixed charges."

Pay Raise A "Must"

The salary increases are required by state law that provides for a \$200 across-the-board pay raise for all professional employees.

The board also gave a final official stamp to the re-election of Dr. Lloyd C. Keefeauver as superintendent of the joint school district with his salary to continue at \$9,000. When no other candidates filed for the position, his election became automatic two months ago.

Districts' Shares

Figures distributed to the member boards showed the shares of the joint district expenses to be paid by each district as follows: Cumberland, \$76,257; Franklin (in the jointure only at the secondary level), \$15,121; Freedom, \$18,526; Gettysburg, \$162,587; Highland, \$21,308; Mt. Joy, \$31,149, and Strasban, \$74,832. In addition to those sums, the districts have a total of \$108,700 to pay to the school authority next year on school buildings.

It is up to the seven local districts to raise funds through taxation to supplement the state appropriations to meet these anticipated expenses.

The board voted to ask the school authority to advertise for bids for furniture for the new high school library—the present auditorium—and for two elementary rooms. The furniture for the latter will be transferred to the new building when it is ready for use next year.

Ask Meade Heating Bids

In response to the annual appeal from the Adams County Free Library for a contribution, the board voted \$200 after a motion to give \$100 was defeated. The joint board gave the library \$100 last year.

It was decided to ask for bids for heating plant replacement and improvement at the Meade School building with cost figures to be (Continued on Page 6)

MORE THAN 50 AT TOTEM POLE DINNER MONDAY

More than 50 persons representing the press, radio and theater lovers from Gettysburg and nearby communities were entertained at a dinner-meeting Monday evening at Graffenburg Inn, Caledonia, by the Totem Pole Playhouse Committee in preparation for the summer season.

By a unanimous vote the following board of directors was re-elected: Mrs. M. C. Jones, Gettysburg; William Gelbaugh, Waynesboro; Edith Nicklas and Oscar Tobey, Chambersburg; Kathleen Corbet, Samuel Houston and Charles P. Orr, Fayetteville R. 1. William Putsch, of the Pittsburgh Playhouse, who was engaged recently to take over the production-directorship at the Totem Pole Playhouse, was introduced. He outlined some of the plays he plans to produce this season including the comedy, "Those Endearing Young Charms," "Glad Tidings," a Broadway comedy hit, "Peg O' My Heart," an old favorite, "For Love or Money," and "The Time of the Cuckoo."

Dr. J. Robert Oppenheimer Is Suspended By AEC For Security Reasons; Top-Level Physicist

NEW YORK (AP)—Dr. J. Robert Oppenheimer, brilliant physicist and top-level government adviser on atomic weapons, reportedly has been suspended by the Atomic Energy Commission for security reasons.

In dispatches from Washington, the New York Times, the Herald Tribune and the Daily News said in today's editions that a special three-man board has been set up to hear charges against Oppenheimer, who during World War II directed the nation's first atomic bomb project at Los Alamos, N. M.

President Eisenhower and his top lieutenants went over the Oppenheimer case before the AEC probe was launched, the newspapers said. The charges against him reportedly were sent to the White House by the FBI.

Opposed H-Bomb

One charge against Oppenheimer was that he opposed the hydrogen bomb project and lobbied against it even after former President Truman ordered the AEC to go ahead with it.

Oppenheimer was quoted as denying he had urged scientists to boycott the project. He admitted he, along with a majority of the AEC's General Advisory Committee, had opposed the project in 1949, the newspapers reported.

However, once the decision was made to proceed with the bomb, Oppenheimer said, the advisory committee, of which he was chairman, helped to solve H-bomb problems and "never again raised the question of the wisdom of the policy."

Was McCarthy Target

The Herald Tribune said Sen. Joseph R. McCarthy (R-Wis.) had the Oppenheimer case in mind when he said in a recent radio broadcast that there had been "an (Continued on Page 4)

Russian Secretary Reveals Red Spy Ring In Australia

CANBERRA, Australia (AP)—Prime Minister Robert G. Menzies announced today that the Soviet Embassy's third secretary here had fled the Russians and disclosed a widespread Soviet spy network in Australia.

Menzies said a royal commission had been appointed to investigate the information supplied by the Soviet diplomat, Vladimir Petrov.

The Prime Minister said Petrov had appealed for political asylum in Australia and had been turned over to the nation's security forces for further questioning.

Second Big Break

Petrov, Menzies said, had given the security forces a great number of documents and oral information listing Australian "contacts or cooperators," some of them under code names.

The government chief told the shocked House the royal commission would investigate these listings, as well as activities of agents of the Soviet secret police in Australia.

Petrov's switch to the West closely paralleled that of Igor Gouzenko, the code clerk in the Kremlin's embassy in Ottawa, who in 1945 broke with the Russians and turned himself over to the Canadians. His disclosures broke open the Soviets' wartime atom spy ring in Canada and the United States.

A statement by Petrov said: "I wish to ask the Australian government for permission to remain in Australia permanently.

"I wish to become an Australian citizen as soon as possible.

"I ask for protection for myself and assistance to establish myself comfortably in this country.

"I no longer believe in the communism of the Soviet leadership.

"I no longer believe in communism since I have seen the Australian way of living."

Red Is Protected

Menzies told the house protection has been provided for Petrov and the Soviet embassy notified.

"Petrov, who had been carrying out in Australia the functions of the Russian ministry of state security, MVD, has disclosed a com- (Continue On Page 5)

Chamber Will Invite Ike As "Resident Son" To Meet World War 1 Comrades Here

President Dwight D. Eisenhower will receive a personal invitation to attend a reunion with World War I tank comrades at a pre-American Legion Convention meeting, Saturday, August 28, in Gettysburg, "birthplace of the U. S. Armored Service."

The Board of Directors of the Chamber of Commerce, Monday night, voted to offer the facilities of Gettysburg to the President—not as a guest but as a "resident son."

The board, in regular session at the Plaza Building, directed that another letter requesting additional reunion information and seeking particulars on the possibility of Eisenhower's appearance here be addressed to the World Wars Tank Corps Association, sponsors of the affair.

President Eisenhower, then a major in the tank corps, served as the commander of Camp Colt here in 1918.

Would Merge Group

Charles Bender urged that the Travel Council and the Retail Merchants Association be formally incorporated into the Chamber of Commerce: "to protect officers of the subsidiary organizations from debt liabilities which the operations of these groups may incur." Both are sponsored by the Chamber of Commerce.

The board voted to invite Truman Weller, chairman of the National Affairs Committee of the United States Chamber of Commerce, of which the local Chamber is a member, to speak at a directors' meeting Monday, May 10, in the Plaza Building.

Walter B. Lane, proprietor of Lane's Photo Studio, announced that Time Magazine will devote a section of one of its July issues to the Gettysburg Cyclorama.

The board voted to extend an invitation to the president or a representative of the Junior Chamber of Commerce to attend Chamber meetings for a mutual exchange of ideas and viewpoints.

Make Photos Available

"The Jaycees are an outstanding civic organization," a Chamber spokesman said. "They have young ideas and can help us—as we can help them by proper guidance."

Mrs. Helen Snyder, Chamber secretary, was authorized to spend up to \$50 for photographs which will be sent, on request, to publicize Gettysburg's historical, scenic, and cultural advantages. She said that in March 5,000 travel folders were distributed and 300 inquiries answered.

Four new members to the Chamber of Commerce (which now totals 94) are: Prosperity Cleaners, Adams House, Tobey's, and Thomas Brenner. Discussion also was resumed on the continuing efforts of the Chamber to secure additional industry for Gettysburg.

U.S. And Britain Ask Military Alliance To Save Asia From Reds

LONDON (AP)—The United States and Britain warned today that Communist aggression threatens the peace of all of Southeast Asia and called for the organization of a military alliance of many nations to safeguard the region from further Red penetration.

The decision to press for the formation of a new Southeast Asia defense system was announced in a joint British-American communique after a two-day conference between U.S. Secretary of State Dulles and British leaders on a "united action" program.

A top-ranking American official said Dulles was "very satisfied" with the meeting and felt the talks "went far towards establishing the unity of purpose which he sought on Southeast Asia defense."

Dulles was leaving by plane for Paris to line up France in what the official said might become a "Southeast NATO."

Pleased With Talks

Dulles told airport newsmen: "I have had the best series of talks in 48 hours that I have ever had. I think few countries have spoken to each other with greater intimacy and friendliness than has been characteristic of these talks we have had here."

The communique said: "We deplore the fact that on the eve of the Geneva Conference the Communist forces in Indochina are increasingly developing their activities into a large-scale war against the forces of the French Union."

Fireman Is Injured While Riding Truck

One fireman was injured when the Gettysburg Fire Department was called Monday night at 7:15 o'clock to extinguish an acre and a half woods fire at Crouse's junk yard, about a mile south of here along the Baltimore road.

Arthur Kennel, a member of the company, suffered a smashed left index finger when Mack truck door was closed on it. The truck was moving forward into a new fire area when the door was slammed and Kennel injured. He was brought to Gettysburg in the rescue truck and treated by Dr. David Stoner.

The blaze spread through grass and woods to a mile south of here. Several junked cars also caught fire from the blazing brush.

LIONS NOMINATE SCHRIVER FOR NEXT PRESIDENT

Members of the Gettysburg Lions Club Monday evening received the report of the nominating committee in preparation for an election that will see Elmer H. Schriver, vocational agriculture teacher at Gettysburg High School, advance automatically to the presidency from first vice president.

Earl E. Ziegler will become first vice president and Attorney Eugene R. Hartman will be the new second vice president.

Names proposed for the third vice presidency include: Donald A. Ullrich, Douglas Smith and John C. Stahl.

Other Nominations

Ralph E. Barley and J. Herbert Weikert were re-nominated without opposition for secretary and treasurer, respectively.

Other nominations follow: Directors, with two to be elected; Rev. Charles E. Held, George R. Larkin, Gordon Webster, Charles A. Smith and Dr. Joseph H. Riley; tallistwer, Harry D. Ridinger, S. M. Raffensperger, Kenneth G. Reinhart and John Crow; Lion tamer, Harold Ecker, Dr. Donald Wickerham, John O'Brien and LeRoy LeVan.

Plans were announced for the state Lions convention to be held in Philadelphia June 6-8 with the local club entitled to send 13 delegates.

Virginia C. van, principal of an agricultural school in the Philippines, who was to have been the speaker for the evening, was unable to be present. Elmer Schriver explained that Juan has been in a Philadelphia hospital for treatment as a result of leg injuries received from Japanese torturers as a result of leg injuries received from Japanese torturers during the war. He had been expected to return to Gettysburg Monday but did not arrive.

President C. A. Cluck presided at the meeting at the Shetter House with 111 Lions and guests in attendance. The nominating committee report was given by Past President Radford H. Lipsey. Other members of his committee were Fred Faber and John S. Rice.

DR. BAUGHMAN WILL SPEAK ON GOOD FRIDAY

Dr. Harry F. Baughman, president of the Gettysburg Lutheran Theological Seminary will be the speaker Friday afternoon at the annual Community Good Friday afternoon service sponsored by the local Ministry.

Rev. Dr. Ralph R. Gresh will be the liturgical for the service to be held at St. James Lutheran Church, York St., starting at 1:45 o'clock.

An organ recital by Richard B. Shade, minister of music for St. James Lutheran church, will precede the service, starting about 1:30 o'clock.

Selections for the organ meditation will include Chorale in a Minor by Cesar Franck, "Jesu, Joy of Man's D'siring," "Come, Sweet Death," and "O Sacred Head" by J. S. Bach.

The anthem will be "Open Our Eyes" by Will C. Macfarlane, and the offertory will be "Andante Cantabile" from "Fourth Organ Symphony" by Charles Marie Widor. The postlude will be "Hosannah!" by Theodore Dubois.

The music will be sung by the church's junior and senior high school and senior choirs.

Hold Rites Today For Mrs. F. L. Flook

Funeral services for Mrs. Frances L. Flook, 66, who died Saturday of a coronary occlusion at her home near Table Rock, were conducted this afternoon at the Dugan Funeral Home, Benderville. The Rev. Ney-N. R. Frantz, Arendtsville, officiated.

The pallbearers were: Chester Cashman, Henry Wagner, Arthur Ebert, Earl Smith, Francis Miller, and William Welker. Burial was at Biglerville.

H. Edgar Rieggle Elected County Superintendent Of Schools On First Ballot

H. Edgar Rieggle, Spring Grove, an assistant superintendent of schools in York County and former Arendtsville school teacher, was elected Adams County superintendent of schools for a four-year term at a special convention of the Adams County school directors at the Court House this morning.

He defeated Dr. Robert A. Bream, a former assistant county superintendent here and now a member of the faculty of Lehigh University, and Vernard F. Group, former York Springs High School teacher and now management training supervisor at the Mechanicsburg Naval Depot.

Rieggle was elected on the first ballot. The vote was: Rieggle, 124; Bream, 8, and Group, 20.

The convention voted to ask Rieggle's release from York County by May 1 so that he can assume his duties here on that date when the resignation of Superintendent J. Floyd Slaybaugh becomes effective.

Salary Is \$8,000

After the election the convention set Rieggle's salary at the state-fixed minimum of \$8,000. The salary of the assistant superintendent, who will be appointed by Rieggle with the approval of the county board, was set at \$7,500.

Mr. Rieggle told a reporter for The Gettysburg Times after the convention, as directors filed past to offer congratulations, that he will not have anything to say about his selection for assistant superintendent until after he receives his new commission from the state.

The contest changed to a three-way race this morning when the convention opened. Secretary Faber Wildasin announced the withdrawal of C. P. Keefer, New Oxford, guidance counselor in the Upper Adams High School.

Keefer was the second to withdraw. On March 25, Charles I. Raffensperger, now assistant county superintendent, withdrew and said Vernard Group had offered to re-appoint him as assistant if he (Group) was elected.

"Snowball" Starts Early

The "snowball" of votes started early for Rieggle and before the roll call of directors—taken alphabetically by districts—had gone much past the half-way mark, Rieggle had enough votes to assure his election.

Teller Russell Durbarow announced 152 directors voted, indicating only 15 were absent. Seventy-seven votes were sufficient to elect.

The directors went on record in the closing minutes of this morning's session as opposing the system of voting now provided by state law in a county superintendent election and urged "our representatives in the state Legislature and the Department of Public Instruction to work for amendment of the law to provide for a secret ballot in the future."

Superintendent-elect Rieggle was called into the court room after his election had been announced. He thanked the directors and said he was "humbled and honored" by the convention's action. He promised to do his "very best with your help for the boys and girls of Adams County which are our chief responsibility."

Elect Two Officers

Luther M. Lacy, president of the county school board, called the convention to order and outlined the agenda and procedure to be followed. He was elected president of the convention and Mr. Wildasin, Abbottstown, the county board secretary, was named secretary. Both elections were uncontested.

As he opened the convention, Mr. Lacy said he was acting in the place of the county superintendent, Mr. Slaybaugh did not appear at (Continued on Page 2)

TWO STUDENTS TALK ON THEIR NATIVE LANDS

The present situation and historical background of India and Indonesia were presented to the local Rotary club at its meeting Monday evening in the YWCA by two Gettysburg College students, natives of those countries, Pushpa Mahatani, of Indonesia, and Eugene Isharik, of India.

"Indonesia desires mostly to be let alone to work out its future. It is a new country, just formed. It has many problems. Its greatest need now is a period when it can work out what is best for the Indonesians," Miss Mahatani said.

"While Indonesia has adopted a partially western democracy form of government, 'it is now more of a socialist cooperative type of government because it is developing its industry, its leaders, from practicality nothing," she added.

"Before the war the Indonesians thought the Americans were collaborating with the Dutch to keep Indonesia under control. Even today the white man recalls years of slavery."

EDUCATION SUPERVISOR IS EMPLOYED

The Adams County School directors at their special convention in the court house this morning voted to employ a full-time special education supervisor for the county at the state-fixed minimum salary of \$7,000.

The directors were told that county board members expect that Dr. George W. A. Stouffer Jr., whom Adams County has been sharing with Perry County for several years, will be retained here as the special education supervisor.

Decision was necessary at today's convention. It was explained by Rowe M. Martin, Biglerville, member of the county board of school directors because the state now proposes to add Huntingdon County to Dr. Stouffer's present territory, unless Adams should decide upon using his services on a full time basis.

Hanover May Help

Approval of the plan came after Mr. Martin had explained the matter in detail and after William M. Lott, Huntingdon Twp. director, offered a resolution which, it was announced, represented the county board's recommendation on the matter.

Mr. Martin pointed out that the possibility of having Hanover make some use of Dr. Stouffer's services would help financially.

Chairman Luther Lacy and others pointed out that with Dr. Stouffer available for full time work in the county he could give more attention to the exceptionally bright children instead of having to devote most of his attention to the exceptionally slow pupils.

Martin explained the involved financial picture on the change in set-up and expressed the opinion that the net result would be "very little extra financial burden to the county school districts." He said deductions now taken off local districts' state appropriations to cover portions of Slaybaugh's and Raffensperger's salaries which were above the state minimum will now end and are about equal to the de- (Continued on Page 2)

FARMERS PLAN PICNIC IN JULY

Preliminary plans for a July picnic meeting for members and plans for an education program on the farmers' viewpoint were discussed Monday evening at a meeting of the directors of the Adams County Farmers Association held at the Adams Electric Cooperative building, rear of N Stratton St.

The legislative committee, comprising Frederic E. Griest, Donald Garretson, Walter Hay, A. B. C. Williams, Harry Scott, and John Peters was asked to work out arrangements whereby the viewpoint of the farmers on various problems could be presented more widely, either through the offer of speakers at various service club meetings, through a meeting with community leaders or by other programs arranged by the committee.

Directors attending the session Murren, Melvin Worley, George Haenn, Donald Garretson, W. Clayton Jester and Russell Grove.

JESSE POULSON IS FOUND DEAD

Jesse W. Poulson, 42, a veteran of World War II, died, apparently about 7 o'clock Monday morning, in the barn on the George Sanders property in Emmitsburg.

Dr. William R. Cadle, Emmitsburg, deputy Frederick County medical examiner, said the death was caused apparently by a heart failure during an epileptic seizure. Poulson had been found about 12:30 o'clock Monday afternoon in the barn.

A son of the late Charles W. and Mary (Whitmore) Poulson, of Emmitsburg, he had resided here from time to time and had also resided in Emmitsburg. He was unmarried.

Services Thursday

He is survived by the following brothers and sisters: Charles Poulson, Washington, D. C.; Mrs. William Gilbert, Gettysburg; Edward L. Poulson, Taneytown; Sfc. Robert Poulson, stationed in Germany; and Mrs. Paul Eyer, Emmitsburg; and two half-brothers, Carroll Haines, Sykesville, Md., and Earl Whitmore, of Philadelphia.

The deceased was a member of Elias Lutheran Church, Emmitsburg. He was inducted into the U. S. Army March 9, 1944 and discharged May 30, 1945.

Funeral services at the Allison Funeral Home, Emmitsburg, Thursday at 2 p.m., the Rev. Philip Bower, his pastor, officiating. Interment in the Mountainview Cemetery. Friends may call at the funeral home Wednesday evening after 7 o'clock.

the Dutch, who headed everything and were the experts, Indonesia could only turn to America to get the training and know-how needed. That changed the attitude toward America. In addition, the Japanese destroyed all education while they held Indonesia, all the books, everything. The Americans provided books and equipment for the schools and now, well I believe many Indonesians know more about the American constitution than most Americans," she said.

She declared that Communists control some of the larger labor unions in Indonesia, having formed them many years ago. So far the Communists have devoted themselves to helping raise the standards of their labor union members "and so long as they do not interfere with the government, they are allowed to continue."

Irishick described the attempts of India to develop itself since it gained independence. High tariffs protect the industries developing there, he said.

"After England withdrew there was a general feeling that the white man should go. But American GIs apparently changed some of that attitude. And some GIs stayed in India and developed such things as an ice cream factory in Calcutta. It's not very good ice cream, but it is the first that ever was there and it is well accepted. There are other similar businesses started by GIs and I think they help turn India to more western ideas."

While the caste system is outlawed "I think it still exists in the hearts of Indians," Irishick said. He added that "much education is still needed. In time of famine thousands die because they will not eat foods given them. They are too proud to eat anything but their accustomed foods, and would rather starve."

Continue Secretary's Salary
The directors also adopted a resolution continuing the salary of the secretary in the county superintendent's office at \$1,000 in addition to the \$1,830 she receives from the county commissioners. The resolution provides that the \$1,000 shall be made up on a pro rata basis by the school districts of the county on the basis of pupil population.

The extra \$1,000 is now being deducted from state appropriation money and the state has ruled this is not the proper way to supply the extra pay. It was agreed this morning that after July 1 the payments by school districts shall be semi-monthly.

The resolution was adopted on recommendation of the county board.

GRADE SCHOOL TEACHERS TALK ABOUT MARKING

Adams County's elementary school principals at their meeting in the Court House Monday evening concluded that, while achievement tests may be of value in making a determination on what students should advance to the next grade, the final say in passing a pupil should remain with the teacher.

That was the general conclusion following a lengthy discussion on such things as grades, passing marks and examinations. The session was held as a round table discussion to permit the elementary principals and teachers to explain the methods used in their own particular school system in grading and passing.

The discussion showed there are several systems of marking used in county schools, and that the schools are apparently moving away from the "old" method of giving a youngster an actual, as compared to a general, mark on his report card.

Marking Systems Vary
One system used in the county is based on a "1, 2, 3" system. Those students who are weak in a subject get "1" on their report, those that are average receive a "2" mark and those that are superior receive a "3." Another system scores by marking an "S" for superior, "N" for normal or average and "W" for weak.

Apparently few of the schools still use an actual figures based on 100 as perfection. And apparently the number using an A, B, C, D, F scoring is also decreasing.

Use of achievement tests were discussed at some length, but all seemed opposed to the use of such tests as the main basis for deciding whether a child should be promoted to the next grade. General approval was given to a passing system based on a conference of the teacher with the supervising principal and principal, at which the teacher's knowledge of the child, his grades during the year and possibly results in achievement tests, if need be, would be used to determine who should pass.

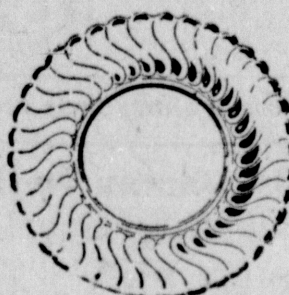

President Wilson Wenk presided at the meeting. The next session will be held in September.

"FALSEHOODS"

I've heard it said that lies were just . . . the truth in masquerade . . . a tinted story of a fact . . . the tales of those afraid . . . lies start by being white and then . . . they end by being black . . . but once a falsehood gets its wings . . . it never will come back . . . a lie does no one any good . . . the sender or receiver . . . a lie is mockery to trust . . . a rough and low deceiver . . . and one who lies about one thing . . . must back it with another . . . until it's second nature to . . . become a liar's brother . . . so think awhile before you speak . . . for lies are low, uncouth . . . and you will be respected if . . . you always tell the truth.

EARLY SPRAYS ARE ADVISED

With the blossom season soon approaching, the pre-pink and pink apple sprays were listed today by County Agent Frank Z. Zettie.

For the pre-pink stage, at which most orchards are at the present time, either a better finish, or a standard spray can be used. Per 100 gallons of spray, the better finish spray consists of 1½ pints of Glyodin (Crag 341) and two ounces of fresh spray lime plus either 1/3 pint of agricultural puratized spray or 1/6 pint Tag or puratized apple spray. The amounts of materials, in order, for concentrate sprays are 4½ pints, four ounces, one pint and one-half pint.

The standard spray consists of one pound Ferbam plus either five pounds of a 70 per cent sulphur paste or eight pounds of a flotation sulphur paste. For concentrate sprays the amounts are tripled.

The same materials in the same quantities are suggested for the pink sprays to be applied at soon as the first flowers start to open.

To control aphids in the pre-pink stage, where a dormant spray was not used, two pounds of a 10 to 12 per cent gamma isomer benzene hexachloride may be used in the dilute spray or five pounds in the concentrate. Applications of BCH should be completed before any blossoms open.

Paul's Lutheran Church have been made as follows: Tonight, 6:15 p.m. Intermediate Choir rehearsal. Thursday, 7:30 p.m., Senior Choir rehearsal; 7:45 p.m., combined rehearsal for the Intermediate and Senior Choirs in preparation to sing the anthem "Open The Gates of The Temple" at the 10:30 a.m. worship on Easter Sunday. Friday, 6:30 p.m., Junior Choir rehearsal, when the members will sing at the morning worship, 10:30 a.m., Sunday. Wednesday, 6:15 p.m., members of the Sunday School classes taught by Miss Jeanne Blocher and Mrs. Harry T. Harner will have Easter play practice. Thursday, 7 p.m., officers and teachers of the Primary and Nursery Departments will meet at the church prior to his firing. He was charged formally with incompetency.

Sixteen other public school teachers are under suspension pending final action by the board.

Ferry Misses Slip, And Hits Mud Flat

CAMDEN, N. J. (AP)—A Chester-Bridgeport ferry boat, with scores of passengers and vehicles aboard, missed its slip as it nosed into nearby Bridgeport yesterday and drifted onto a mud flat.

It was freed 10 hours later by three tugs and a coast guard cutter.

Several passengers aboard the ferry who pleaded emergency business ashore were removed by the cutter.

COSTLY DAIRY HERD IS SOLD

PORTLAND, Ore. (AP)—Purchase of a costly Guernsey herd by a Pennsylvania congressman was disclosed here yesterday.

Rep. A. R. Bush (R-Pa.) bought the 125-head herd for his farm at Muncy, Pa. The price was not disclosed, but farm news reporters said a similar 130-head herd sold for \$503,000 in New York last year.

The congressman's son, A. C. Bush, negotiated the purchase from M. C. Fleming, whose purebred herd at nearby Troutdale has been noted for years. His cows have taken prizes both in show rings and in milk production.

The herd will be shipped to Pennsylvania Saturday.

One of the cows is Fleming's Ivy Oaks Belle's Jingle, holder of a world record for producing more than 1,000 pounds of butterfat each of four successive years. One of Bush's Guernsey's previously held the record.

10th Teacher Fired At Philadelphia

PHILADELPHIA (AP)—The board of education yesterday dismissed the 10th teacher who had refused to tell a congressional committee whether he ever was a Communist. Bernard August, 42, had been under suspension since last November. He was given a hearing prior to his firing. He was charged formally with incompetency.

Decks Cleared For Double Probe Of Possible Scandal In Government Housing Jobs

By FRED S. HOFFMAN

WASHINGTON (AP)—The decks were cleared today for a double barreled probe of a possible scandal in certain of the government's housing operations, evidently stretching back into the Truman administration.

The first official rumbling of continuing trouble in the Federal Housing Administration (FHA) came late yesterday when the White House announced the resignation of FHA Commissioner Guy T. O. Hollyday.

President Eisenhower at the same time ordered Housing Administrator Albert M. Cole to impound FHA's records "to facilitate the investigations which are being conducted."

"Negligence Or Collusion" Shortly afterward, Cole, Hollyday's boss, announced at a news conference that his agency will investigate "various irregularities and abuses" in the home modernization and repair program. Householders allegedly had been "fleece."

Cole also said the FBI will check on alleged "illegal or unethical action" in the handling of apartment project financinb by FHA officials. Here, he said, investigators will

search for evidence of "collusion" between apartment builders and federal officials in the insuring of mortgages on inflated appraisals—something that he said already has cost the government better than 75 million dollars.

Cole indicated he expects few criminal actions, but he added that "the great number of these cases indicates there was either gross negligence or collusion."

Complaint For Years
Allegedly off-color apartment project financing was said to have developed under the post-World War II "middle income" housing program, which died four years ago.

But Cole said complaints about overcharges and shoddy work in the home repair field have been coming in for years, right up through 1953 when the Eisenhower administration came to power.

Announcing acceptance of Hollyday's resignation, White House Press Secretary James C. Hagerty said this step was taken "so that an investigation may be conducted, obviously by another man."

Plank Keeping Up Good Record:
Our "Eddie" Plank is keeping up his record as a fine ball twirler. He pitched his first game of the season last Tuesday, when the Athletics defeated the Phillies by the score of 4 to 2. In commenting upon the game the Philadelphia papers speak in the highest terms of Mr. Plank, stating that he "pitched a superb game and held the National League to two hits; made a specialty of pitching the kind of balls the Quakers couldn't hit."

Andrew Hartman Hurt In Run-away:
Andrew Hartman, residing on West Middle street, was seriously injured by falling from a load of straw on Saturday, Mr. Hartman, in company with J. M. Caldwell's farmer, was putting a load of straw on a wagon at Mr. Caldwell's farm in Strasburg township, and had about completed the job when the mules attached to the wagon became frightened and dashed up the pike at a break-neck speed, throwing Mr. Hartman off and scattering the straw along the road. Mr. H. fell on the cobbling with such force as to render him unconscious. He was carried to the house and soon afterward regained consciousness. His face was severely cut and bruised, one arm hurt and back injured.

Railroaded Eleven Years: William Tawney, of Steinwehr Ave., who for some years past conducted the individual car for the Hanover Produce Company between Gettysburg and Baltimore, rounded out eleven years of railroaded last week. Mr. Tawney has been laid off by the Hanover Company for the reason that the Western Maryland Company has ordered all cars from their lines.

Received White Veil: Miss Emma Elizabeth Smith, youngest daughter of Mrs. Joseph Smith, of this place, was one of the six young ladies who received the white veil and took the first vow of the Sisters of Mercy, at St. Agnes Seminary, Mt. Washington, Baltimore, Md., on Easter Monday. Mrs. Smith was present at the reception when her daughter received the white veil. Miss Smith will be known in the future as Sister Mary Camilla.

Medicine Caused Explosion: Mrs. H. B. Klunk moved last week from this county to Hanover. The kitchen stove had been packed with articles, among them medicine in bottles. Forgetting this Mrs. Klunk made fire in the stove and suddenly it exploded, breaking into more than fifty pieces. Although in the room at the time Mrs. Klunk escaped injury. A panel of one of the door was broken. The fire which fell from the stove was quickly extinguished with the help of neighbors.

May Enter Washington: Senator Gorman introduced a bill allowing the Western Maryland Railroad to enter Washington. The road is granted authority to cross the Chesapeake & Ohio canal in West Washington and to acquire lands for terminal purposes by purchase and condemnation.

For Sale: Property on Chambersburg St. known as Young's Confectionary. This is a money making for a business man. W. T. Ziegler.

Presented With Fine Chain: Judge Clabaugh, son-in-law of Hon. John A. Swope, and well-known here, was presented with a handsome gold watch chain, by the jury which has been serving in his Court during February and March, and which was discharged on Monday. The chain was a token of personal regard of the jurors for the Judge, and their appreciation of his ability.

Today's Talk

By GEORGE MATTHEW ADAMS
SO YOU WANT TO BE A WRITER!
I have received hundreds of letters from the years from people telling me that they wanted to be writers. Many of them wanted me to tell them how. People become writers for the same reason that one becomes a musician, an artist, a lawyer, or a doctor—because he or she can't help it! I have no idea how to write a poem, though I love poetry.

I recently read an article about Robert Frost. He began as a boy to write poetry, and now he says it is difficult for him to write prose, for when he does, unconsciously he drifts right into poetry. Poets are born, and so are writers.

Somerset Maugham was educated as a doctor, but while serving as an intern he became so interested in people that he suddenly had the urge to write about them. And so he did, and produced his first novel—an excellent one named "Liza of Lambeth." It was such a success, and he was so continually interested in people, that he decided to devote his life to writing. People were his great interest, and he wanted to tell other people about them in his naturally interesting manner.

Whatever anyone wishes most to do, is usually done. But there are few roles. A young English girl loved life and people, and so she decided to tell others about her observations. She produced a great novel, known as "Pride and Prejudice," and her name was Jane Austen. No one told her how to write. She just went ahead and wrote, because she couldn't help it!

That's the way it works out. If you have something to say that people will want to know about, you are reasonably sure to be successful in your undertaking. Every writer had to write his first poem, as well as his first novel. These things don't just happen, however. They come only after great thought, often struggle, and in many cases, hunger and discouragement.

Tomorrow Mr. Adams will talk on the subject: "Live Ten Years Younger"

ILLINOIS CALM ABOUT ELECTION THERE TODAY

By DOUGLAS B. CORNELL
CHICAGO (AP)—Illinois listlessly paraded the country off to the 1954 political wars today.

The state primary is the nation's first for picking the Republican and Democratic rivals who will fight it out in November for the balance of power in a closely divided Congress.

But several million potential voters apparently weren't much impressed by it all.

For one thing, the Democrats didn't put on much of a show today—no statewide races at all. Nobody challenged Sen. Paul H. Douglas in the party primary and only one Democratic House member out of nine had any opposition.

Republican Free-For-All
The feature attraction in the political arena was a free-for-all among nine Republicans for the U. S. senatorial nomination and a chance at yanking Douglas out of the Senate seat he won six years ago.

In addition, 9 of the 16 Republican House members, four of them chairmen of major committees, had to fend off party competitors in today's balloting before they could compete in the general election next fall.

These were the contests the nation was watching, even though they offered no conclusive tests of sentiment on national issues or any accurate gauge of the administration's popularity in the Midwest.

Totem Pole Opens For 11 Weeks June 21

Eleven weeks of Broadway plays including comedies, farces, old favorites and recent hits will open at the Totem Pole Playhouse June 21 with William Puteh of the Pittsburgh Playhouse in charge of production and direction.

A native of Pennsylvania, Mr. Puteh is a graduate of Carnegie Tech and has worked with such theater notables as Brian Aherne, Jose Ferrer, Tallulah Bankhead, Sarah Churchill, Jeffrey Lynn, Susan Peters, Basil Rathbone and many more. He has a wealth of summer stock experience behind him at the Olney Theater in Maryland, Sayville Playhouse, Long Island; White Barn Theater, Little Lake Theater and the Pittsburgh Civic Light Opera.

The playwright has headed the Playhouse School of the Theater since 1950. Aside from his Playhouse duties, he managed to produce a network television program over the Dumont network Saturday mornings.

Mr. Puteh, who has just signed to take over the producer-directorship of the Totem Pole Playhouse for the 1954 season, is a writer with an unusual record, since all seven of his plays have been produced. Some musical sketches he wrote are being considered for a Broadway revue in the fall.

COURT CONVENES

PITTSBURGH (AP)—State Superior Court opened its spring session Monday by admitting 24 attorneys to practice before the high court. No opinions were handed down.

President Judge Chester H. Rhodes was absent. The prothonotary's office said he has a cold, and is resting.

The court is slated to hear arguments in 85 cases.

Wood Avoids GOP Factional Fights

PITTSBURGH (AP)—Lt. Gov. Lloyd H. Wood, Republican candidate for governor, says he won't endorse any one GOP faction in any county where there has been dissension.

"I am going to recognize all Republican workers," Wood said in a weekend interview. "I am not going to pick out one man and deal through him, because I don't propose to inherit a lot of political enemies out of fights that have been going on since dear knows when."

Wood, Republican state organization choice for governor, was here for the annual Amen Corner Dinner.

BROWNELL DOES NOT WANT REDS OUTLAWED HERE

WASHINGTON (AP)—Atty. Gen. Brownell flatly opposes any attempt by Congress to pass an act outlawing the Communist party. He says it would make the job of rooting out Communists tougher.

He says he'd rather have a few strengthening changes in present laws.

The government already is working against the Communists in several ways, mainly: (1) the Smith Act, passed in 1940; (2) the Internal Security Act, passed in 1950; (3) the government employees' security program, and (4) deportation.

Would Be Two-Year Delay

If the party should be outlawed tomorrow the first problem facing the government would be the constitutional one: Did Congress have the right under the Constitution to outlaw the party? Getting the answer would be long drawnout.

Meanwhile, pending the outcome of a test case going all the way up to the Supreme Court, the government wouldn't try any other Communists, using up time and money that would be wasted if the Supreme Court said the law was unconstitutional.

If the court upheld the law, then the government could begin wholesale prosecution of other Communists but that would probably not be for at least two years after the passage of the law.

Making Mincefoot Now

But the government is making mincefoot of the Communist leadership with its present machinery. For example, the Smith Act of 1940:

Under this act it is unlawful to teach conspiracy to overthrow the government forcibly. In 1949 the government nailed the 11 top Communist leaders in the country on that charge.

They were convicted in October 1949 after a nine-month trial. They appealed, were turned down by the U. S. Court of Appeals, and appealed to the Supreme Court, which upheld their conviction on June 4, 1951.

105 Have Been Indicted

The government could have prosecuted other party leaders in the meantime but first it wanted to see whether the Supreme Court thought their trial under the Smith Act was constitutional.

It did, but more than two years

FINE READY TO ASK IKE AID IN HARD COAL AREA

HARRISBURG (AP)—Gov. John S. Fine stood ready today to make a personal trip to see President Eisenhower to seek federal relief for the economically distressed Pennsylvania anthracite region.

"The task force of the Northeastern Pennsylvania Industrial Development Commission has been authorized by me to inform the President that the governor's office endorsed the aim of the NPIDC and that the resources and facilities of the commonwealth of Pennsylvania will be fully exercised in co-operating with this organization in the attainment of its goal," Fine said.

The governor made the statement yesterday after conferring with the task force which sought his advice on a program.

Chairman Charles Weissman, Wilkes-Barre, praised the work of the governor so far in location of the northeastern extension of the Pennsylvania Turnpike, the proposed 10-million-dollar state mental defective institution in Luzerne County and similar projects.

Serious Situation

Fine said he endorsed the objectives of the commission, created recently to take up the unemployment slack brought about by the shutdown of numerous hard coal mines.

"The stark consequence of this (mine shutdowns) is that male unemployment in the hard coal counties—instead of being sporadic as in other Pennsylvania counties—may tend to become chronic," he said.

Discussing the commission's efforts to locate new industry in the anthracite region, Fine said:

"That is why it is imperative that every possible assistance be rendered to the people of northeastern Pennsylvania to help them reestablish a firmer and more prosperous economy."

The task force said it planned to go to Washington for a presidential conference in the next 30 days. On this, Fine said:

Ready To Serve
"I have placed myself available to the commission and will, if at all possible, go with its members to Washington to see President Eisenhower and personally present our problem."

The task force did not disclose the nature of a program it plans to present to the President but Fine suggested that an emergency be declared in the area so that federal grants may be made to provide for manual labor on road projects in the area.

"That would be helpful to the government because we wouldn't be spending so much on unemployment compensation," he explained.

Besides Weissman, the delegation included Rep. J. L. Carrigg; Edward V. McCullion, Lansford; James Jennings, Wilkes-Barre; Walter W. Jones and Bernard Blier, Scranton; James Kock, Hazleton; and Charles Petrie, Shamokin.

Brownell said 105 leaders have been indicted under the Smith Act since 1948 and 67 have been convicted so far.

Boy Dies Of Wound Received In Church

PHILADELPHIA (AP)—An 18-year old boy was wounded fatally in a northeast Philadelphia church yesterday when, police said, a gun he was examining was accidentally discharged.

The victim, Joseph Donald Walsh, was found lying on the floor of the sacristy—a room off the altar—of the Ascension of Our Lord Catholic church.

Walsh had been working part-time as a janitor's helper at the church.

The Rev. William J. Casey, rector of the church, said the boy had told him he bought the gun about two weeks ago and planned to use it on a hunting trip near Stroudsburg next week.

Airplane Thief Is Asking Bail Reduction

SCRANTON, Pa. (AP)—U. S. District Court Judge Albert L. Watson has under advisement a plea for reduction in bail by a Philadelphia man accused of stealing an airplane.

Robert Hershey Ballerstadt, 24, asked the reduction from \$2,500 yesterday after pleading innocent to a charge that he stole an airplane in Mechanicsburg last fall for a flight to New Brunswick, N. J.

Ballerstadt has been in jail in default of bail since his arrest in Philadelphia last March 26.

LEADER ASKS REHEARING ON SPECIAL REPORT

PITTSBURGH (AP)—A rehearing of the Chesterman report, which recommended 100 million dollars in savings to the 1953 State Legislature was urged last night by State Sen. George M. Leader, Democratic organization candidate for governor.

Many of the Chesterman proposals were killed by the GOP-controlled Legislature. They dealt with revamping of state executive departments.

In a talk to party workers, Leader said the Republican state administration has delivered a "death blow" to Democratic efforts to cut waste and extravagance.

The 36-year-old York County poultry farmer attacked the Public Utility Commission, the Milk Control Commission and the State Liquor Control Board.

PUC Is Accused

He charged the PUC "hasn't protected the public interest."

"The PUC has ruled time and time again in favor of the utilities," he added.

The milk commission "has been prostituted into an agency in favor of the milk distributor and the big distributor at that," Leader said.

The liquor board is politically dominated, he said.

Meanwhile, Dr. William D. McClelland, independent Democratic candidate for the nomination, got the support of 10 United Steelworkers Locals 1397 and 1557, representing some 16,000 workers at U.S. Steel's Homestead and Clairton plants.

NEW YORK (AP)—Chairman Leonard W. Hall of the Republican National Committee said Monday the results of November's elections will hinge on two issues—"how we insured prosperity and how we met the Communist threat."

Continued GOP control of Congress is at stake this year, and Hall said "the voters will turn away from any party or any man who does not face both issues squarely, frankly and unashamed of the record."

18-month deliberate delay" in devising the U. S. hydrogen bomb.

The newspaper said McCarthy had been expected to bring sensational charges against Oppenheimer in a speech at San Jacinto, Tex., April 21, the day before hearings on his controversy with the Army start in Washington.

He had held back the Oppenheimer case as a reserve weapon, the Herald Tribune continued, and planned to use it to smother the Army probe in a "tremendous hydrogen espionage sensation."

Most Of Charges Old

Members of the board which reportedly began hearings on the Oppenheimer charges yesterday were identified as Gordon Gray, former secretary of the Army; Thomas Morgan, New York businessman and retired head of the Sperry Corp.; and Ward V. Evans, chemistry professor at Loyola University in Chicago.

Reached in Washington, Evans declined to comment on the case and said, "I know nothing about it." The other two men could not be reached for comment.

Most of the charges against Oppenheimer were old and had been known to government authorities for many years, the newspapers reported.

Major Leagues Open Season Today With Prospects Pointing To Close Contests In Both Circuits

By JOE REICHLER
NEW YORK (AP)—The major leagues today opened what promises to be one of the most interesting baseball seasons in many years.

Rarely has a campaign started with so many vital questions waiting to be answered. The latest and perhaps the most important is: How much will Enos Slaughter help the New York Yankees?

Did the five-time pennant-winning Yankees insure another flag when they acquired the 38-year-old Slaughter from the St. Louis Cardinals on the eve of the pennant race? Or did they blow their chance when they sold star pitcher Vic Raschi to the Cardinals six weeks earlier?

Slaughter Not In Lineup
The answer may be a long time coming. The prospects are for close races in both leagues. All last year's runner-ups appear strengthened and eager to take a crack at the defending champions.

For the first time in years all 16 clubs started the campaign on the same day. Some 215,000 fans were expected to see the eight inaugurations.

Slaughter, on hand for the Yankees' opener in Washington, was not in line to see action, but Mickey Vernon, the young outfield star, was slated for duty in center field, apparently recovered from his knee operation of last winter.

Ford For Yankees
A sellout of 30,000 was assured to watch President Eisenhower throw out the first ball. After that either left-hander Chuck Stobbs or right-hander Bob Porterfield was to take the mound for the Senators. Southpaw Whitford Ford, who holds a 5-0 lifetime record against Washington, already has been named to open for the Yankees.

A battle of southpaws was in prospect in Philadelphia, where Eddie Joost was making his managerial debut with the A's. Mel Parnell of the Boston Red Sox and Bobby Shantz of the Athletics were the opposing pitchers. A turnout of 12,000 was expected.

Each team's key slugger was absent. Ted Williams, whose fractured collarbone was reported mending rapidly, is not expected back in the Red Sox lineup until May 15 at the earliest. Gus Zernial was out of the Athletics' lineup with a sprained neck.

Orioles In Detroit
Baltimore, returning to the majors after 51 years, hoped to get off on the right foot in Detroit. Manager Jimmy Dykes, who moved from Philadelphia to Baltimore, planned to start either Duane Pillette or Don Larsen on the mound. A crowd of 30,000 was slated to see veteran right-hander Steve Gromek make the first pitch for the Tigers.

A good pitching duel was in prospect in Chicago where Early Wynn of Cleveland and Billy Pierce of the White Sox were scheduled to clash before 30,000.

The National League's largest crowd—some 35,000—figured to be on hand for the renewal of the Dodger-Giant feud at the Polo Grounds. Sal Maglie, who has beaten the Dodgers 18 times in 24 decisions, was ready to test his once-aching back against the Dodgers, who had Carl Erskine, their World Series hero, fit and ready.

Braves At Cincinnati
The Dodgers, except for Manager Walter Alston, presented the same lineup that appeared in the series last October and the Giants had Willie Mays, their rookie star of 1951, back in center field after two years in the Army.

Cincinnati, opening the season at home for the 69th straight year, was host to the Braves, who had rookie Henry Aaron in the lineup in place of the injured Bobby Thomson. A capacity crowd of 30,000 was assured long ago to watch this battle of right-handers, with veteran Bud Podbielniak going for the Redlegs against sophomore Bob Buhl. Making his managerial bow for Cincinnati was Birdie Tebbets.

A revamped Pittsburgh team, which opened at home for the first time since 1893, was set to face Philadelphia's ace Robin Roberts with a lineup composed of such hard-bitten veterans as Walker Cooper and Sid Gordon and fuzzy-faced youngsters as Curt Roberts and Gail Allie. Bob Friend, who pitched sensationally in exhibition games, was the Pirates' nominee. Some 20,000 were expected to be on hand.

Some Newcomers
Rookie Wally Moon was scheduled for duty in center field, Alex Grammas at shortstop and Tom Alston at first base as the Cardinals played host to the Chicago Cubs in St. Louis before about 18,000. The Cubs, under Stan Hack, who replaced Phil Cavarretta only a couple of weeks ago as man-

ager, also boasted three newcomers in the lineup.

They are center fielder Bob Talbot, shortstop Ernie Banks and second baseman Gene Baker. Harvey Haddix, a 20-game winner for the Redbirds last year, was named to oppose veteran southpaw Paul Minner.

BEVO EXPELLED BY RIO GRANDE FOR ABSENCES

RIO GRANDE, Ohio (AP)—Tiny Rio Grande College has expelled Bevo Francis, the shy, gangling farm boy who put it on the national basketball map.

Francis, an awkward hill-country lad who speaks slowly when he speaks at all, in two years changed Rio Grande from a school without even a basketball court to one with a big-time basketball program.

Last night the school's Committee on Instruction issued a statement saying Francis had been dropped from the rolls because of "an excessive number of unexcused absences, failure to make up more than one of his missed mid-term examinations and failure to attend any classes in the last two weeks."

Coach Surprised
The announcement appeared to take everyone by surprise, including Francis' coach and personal friend, Newt Oliver, and Bevo's father.

As for Bevo—his real name is Clarence—he was "out fishing" at the time, apparently unaware of the commotion caused by his expulsion.

Oliver asked, in tones of disbelief: "Who expelled him?"

"I came with Bevo and we'll go together," he told a reporter. But, he said, he would not resign immediately.

NEGRO LEAGUE OPENS MAY 14

PHILADELPHIA (AP)—George Besnoff, commissioner of the Eastern Negro Baseball League, announced today the season will open May 14 with the Pittsburgh Crawfords playing the Wilmington, Del. Flashes at Wilmington.

The next day, Besnoff said, the Crawfords open their home season at the Memorial Park in Sunbury in a night game with the Jersey City, N.J., Cardinals.

The Brooklyn Royal Giants who replaced the Baltimore Stars in the Northern Division will meet the Harrisburg Giants at the Reading Memorial Stadium in a night game on May 15.

On May 16, the Crawfords meet the Newark Giants at Sunbury and at Harrisburg's Island Park, the Harrisburg Giants open their home season meeting the Jersey City Cardinals.

Besnoff said the remainder of the schedule will be announced later.

Barons Need Single Victory To Win Cup

HERSHEY, Pa. (AP)—The red-hot Cleveland Barons need only a victory over the Hershey Bears to night to repeat as Calder Cup winner of the American Hockey League playoffs.

The defending champion Barons, who have lost only one of seven playoff games this year, hold a 3-1 edge over the Bears in their best-of-seven final series.

A sixth game, if necessary, will be played at Cleveland tomorrow night with the seventh at Hershey next Saturday.

MOUNTAINEERS IN 12-8 WIN OVER TOWSON

Pounding over seven runs in the first inning, the Mt. St. Mary's College baseball team went on to win a 12-8 victory over Towson at Emmitsburg Monday afternoon in a Mason-Dixon conference game.

The victory gives the Mountaineers a 2-1 conference record and a 2-2 season mark.

Towson came up with a five-run rally in the fourth to cut the Mount margin to 9-8 but three runs in the last of the fifth inning clinched the verdict for the Blue and White.

Paul Clarke pounded out three hits to pace the Mount attack while Sullivan contributed a double and homerun to knock in three tallies.

Mt. St. Mary's will idle until April 22 when another conference double-header will be played with Loyola at Baltimore.

FAIRFIELD HI TAKES THIRD VICTORY, 4-1

Dick George hurled one-hit ball and batted in a pair of runs to lead the undefeated Fairfield High School baseball team to a 4-1 triumph over Quincy Monday afternoon on the latter's field. The victory was the third in a row for Coach Johnny McAndrews' outfit.

Quincy's lone run came without the benefit of a hit. Geesaman walked, advanced on a passed ball and error, and scored on a long fly by Scott.

In the second inning Martin singled by Fairfield, moved to second on an out and went to third on a fielder's choice as Shriner gained first base. Shriner stole second base and both runners tallied when George poled a double. Fairfield added insurance runs in the fourth and final frames.

East Berlin will play at Fairfield April 20 when the Adams County League swings into action.

WARRIORS OPEN TWO CAMPAIGNS
Two Gettysburg High School athletic teams will open their schedules Wednesday afternoon, the baseball team playing at Bolling Springs while the track and field squad journeys to York.

Coach Howard Shoemaker announced today his probable starting lineup against the Bubbler nine. The infield will be composed of Fred Furney, first base; Danny Roth, second base; Sam Staley, shortstop, and Dick Hise, third base. In the outfield Cloyd Spence will be in left, Bobby Rohrbaugh, center, and Joe Bushey, right.

Del Richardson is slated to start on the mound with Elton Martin and Jay Hartzell ready for relief duty. Roland Keller, Earl Kuykendall or Ed Kane will do the catching.

The Warrior trackmen will meet York and North York High Schools in a triangular affair at York.

Coaches George Forney, Fred Haehnel and Jim Fetters will be banking heavily on the performances of seven lettermen. Jim Coleman, Stanton Musser, Albert Sterner, Roger Zeien, Jeff Langsam, Ronald Williams and Joe Tonsel.

Biglerville At Home
Biglerville High also opens its lengthy track campaign Wednesday when it will be host to Washington Township. The meet will start at 3:45 o'clock.

Veterans on the Canner squad include Bob Mauss, Paul Harmon, Keith Starnier, Garry Beidler and the mile relay team.

By MERCER BAILEY
AUGUSTA, Ga. (AP)—Sam Snead, the drawing West Virginian, made two conquests in winning his third Masters golf championship—he beat Ben Hogan by one stroke in their 18-hole playoff and also liked a bad case of "yips."

"Yips" is a Snead-coined word the slammer uses to describe putting jitters, and he said before the tournament he was in the midst of the worst case of his career.

But Sam handled his putter adequately yesterday and came home in two-under-par 70 to Hogan's 71.

The victory bracketed Snead with Jimmy Demaret as a three-time Masters winner. Hogan, too, was seeking his third Masters title, and had hoped to become the first man ever to capture two in succession.

Credits The "Breaks"
"It was just a question of who got the breaks," Sam said after defeating the little Texan who swept the Masters, U.S. Open and British Open last year.

One of the breaks in Sam's favor came on the 10th hole, where he chipped in from 50 feet for a birdie-three to go ahead of Hogan for the first time.

This was the third time these two golfing greats had met in man-to-man competition, and Snead has won.

come out on top every time. He beat Ben in a San Francisco match play tournament before the war and again in their 1950 playoff off for the Los Angeles Open crown.

College Nine Ekes Out 6-5 Win Over Kent State; Meet Western Maryland Here Today

Despite being outthru nine to three, the Gettysburg College baseball team edged Kent State 6-5 in a thrilling game here Monday afternoon for its second victory in as many starts.

This afternoon the Bullets were listed to entertain Western Maryland on their new field at 3 o'clock.

Coach "Hen" Bream's team was forced to stave up a determined late inning surge by the Ohioans who just missed knotting the count in the final frame.

Gettysburg's three safeties were all triples and two came at opportune moments. Alleva drove in three runners in the third with a triple after a walk, fielder's choice and an error had filled the bases. In the sixth Lang tripped home two more runs following an error and hit batsman.

Sam Mowery hurled fine ball for the Bullets until he began to weaken in the seventh and was relieved in the eighth following a pair of singles, a fielder's choice and a walk which produced a run.

Three Legal Organizations Back Van Dusen For U.S. Post

By FRED B. WALTERS
PHILADELPHIA (AP)—The state's three largest legal organizations were lined up today in support of the nomination of Francis L. Van Dusen for a federal judgeship in the eastern Pennsylvania district. Spokesmen for the American Bar Assn., the Pennsylvania Bar Assn. and the Philadelphia Bar Assn. outlined plans to back the Philadelphia attorney. They attacked what Philip Price, chairman of the board of governors of the Philadelphia bar, called "purely political opposition."

Plans call for the groups to place their support directly before the Senate nominations subcommittee, scheduled to take up Van Dusen's nomination Thursday. John W. Lord Jr., Philadelphia councilman, has been nominated for another eastern district seat and John Miller, Pittsburgh attorney, for a western district post.

The bar groups' stand puts them squarely in opposition to the top Republican leadership in the state.

Opposed By Wood
Van Dusen's nomination by President Eisenhower at the recommendation of Atty. Gen. Herbert Brownell has drawn considerable fire from Lt.-Gov. Lloyd H. Wood, Republican chairman of Montgomery County where Van Dusen makes his home.

Sens. James H. Duff and Edward Martin filed objections with the Senate Judiciary Committee of which judicial nominations is a subcommittee. The Senate seldom goes against such objections.

J. Wesley McWilliams, president of the Pennsylvania Bar Assn., said Van Dusen supporters must "arouse public opinion."

"It is time," McWilliams, a Philadelphiaian, said, "that the people learned how the Republican political leaders feel about judicial appointments as manifested lately."

Apparently the state bar association head referred also to the GOP organization's decision not to support Superior Court Judges Chester H. Rhodes and F. Clair Ross, who are running for re-election this term.

GOP Backs 2 Others
The GOP organization is backing Judges George W. Griffith of Cambria County and Ralph T. Bell of Allegheny County for the seats held by Rhodes and Ross.

Price and McWilliams named Wood, organization-backed, candidate for governor, as the principal source of opposition to Van Dusen. McWilliams said the attorney had been unopposed until Wood raised objections to him.

Price named a committee headed by William Mason to organize the Philadelphia Bar Assn.'s support for Van Dusen.

McWilliams said he would appear personally in Van Dusen's behalf. Meanwhile, Edward J. Fox of Easton, chairman of the American Bar Assn., standing committee on federal judiciary appointments, said his committee will "in all probability" send a representative to "appear at the hearing and state the position of the American Bar Assn."

Private Rites For Retired Professor

SWARTHMORE, Pa. (AP)—Private burial services are to be held for Dr. Arnold Dresden, 72, retired professor and chairman of the Swarthmore College department of mathematics.

Dr. Dresden, who died Saturday at his home on the campus, was a native of Holland and came to the United States in 1903. He received bachelor, master and doctor degrees from the University of Chicago.

He taught at the University of Wisconsin and Swarthmore prior to retiring in 1952.

Dr. Dresden was the author of a number of books on mathematics and was a former president of the Mathematical Assn. of America.

Surviving are his widow, the former Louise Schwendener, and a son, Mark K. Dresden of Chester.

Don Kellett, general manager of the Baltimore Colts of the National Football League, played nine games as an infielder with the 1934 Boston Red Sox.

Boost In Transit Fare Is Ordered

HARRISBURG (AP)—The Public Utility Commission yesterday authorized the Lehigh Valley Transportation Co., Allentown, to raise its cash fares from 13 to 15 cents, effective immediately.

At the same time, the commission authorized a charge of two cents for transfers which previously were issued free.

The PUC dismissed complaints by Sen. Joseph J. Yosko (D-Northampton) against both the new fares and previous rates.

The company operates lines between Allentown, Bethlehem, Norristown and Philadelphia.

The company estimated the new rates will produce about \$165,000 additional annual revenue, but revised to estimate downward to \$88,000 when investigations showed unanticipated passenger losses.

APPROVAL OF DRAIN TUNNEL NOT EXPECTED

WASHINGTON (AP)—Sen. Butler (R-Md.) says he thinks "there is little likelihood" that Congress will approve a proposed drainage tunnel for Pennsylvania coal mines.

Butler and Rep. Robeson (D-Va.) in separate interviews yesterday said the high cost of such a tunnel and a fear that its waters would contaminate Chesapeake Bay are the two main factors against allocation of federal funds for the project.

Robeson said also there was no certainty that the tunnel would be feasible.

Cost of the tunnel has been estimated at from 250 to 400 million dollars. The proposed project would extend from Scranton to the tidewater of Chesapeake Bay below Conowingo, Md. Lateral tunnels would feed water into the main artery, some 137 miles long.

Opposed By McKeldin
Gov. Theodore K. McKeldin of Maryland, who opposes the project, has told Interior Department officials the acid content of the drainage would harm both plant and animal life in the bay. He said recently that he had been assured by the department that it would not back the project.

A Bureau of Mines official said, in the meantime, a final report had not been made on studies of the problem which have been underway since 1940. A tunnel, he asserted, has been mentioned in preliminary reports as the only feasible solution to the problem.

S. N. Ash of the Bureau of Mines told a reporter that the water draining into the Chesapeake Bay would not be injurious and that its acidity would be "neutralized in no time."

The bureau hopes to have its report completed by July so that Congress can consider a detailed plan.

3 HURT WHEN LONG TRAIN IS HIT BY PUSHER

COATESVILLE, Pa. (AP)—A long freight train, grinding to a sudden stop last night on the Pennsylvania Railroad's Trenton cutoff freight line, was struck from the rear by an electric engine that had been pushing the train a short time earlier.

Three crewmen were injured and five cars derailed, blocking the busy two-track freight line. Passenger service was not affected, the PRR said.

The railroad identified the injured crewmen as:

Mietro G. Shishkoff, 59, of Coatesville, the engineer of the electric "pusher" engine. He suffered amputation of the fingers of his right hand and was admitted to Coatesville Hospital.

Anthony Nemeth, South Amboy, N. J., conductor of the freight, possible fractured vertebrae, and E. L. Mum, Morgan, N. J., flagman on the freight, possible fractured ribs. Both were admitted to Chester County Hospital at West Chester.

129-Car Freight
Shishkoff was operating the helper engine which had been attached to the rear of the 129-car freight to help push it up a grade to the connection with the PRR main line near Coatesville.

The railroad said it had not determined why the emergency brakes were applied on the freight train, causing it to stop suddenly and without warning to the engineer of the pusher.

Two crew cabin cars left the tracks, and three empty gondola cars were overturned.

The accident occurred at 10:10 p. m. the railroad reported. Wreck crews were expected to open the line for normal traffic some time today.

COUNTY BOARD

convention today to provide for a full-time supervisor of special education for the county.

The mandated minimum salary for the supervisor is \$7,000 per year, Martin said. At present the school districts are paying about \$3,000 toward the salary of the assistant superintendent of schools and superintendent of schools. Those payments will cease with the election of the new superintendent, Martin said, and the amounts could be applied to the special education supervisor's salary. In addition he said, Gettysburg and possibly Hanover have expressed an interest in using the supervisor of special education on a part time basis and as a result, Martin said, it should not cost any more, or very little more, to have a full time supervisor than the present part-time one.

Much attention was devoted to other details of today's convention, with the county board checking the laws to determine that all was in readiness for today.

During the month the Y-Teen clubs made scrapbooks for the hospital and Easter favors for the Adams County Home and the hospital.

Mrs. Conway Williams, office secretary, reported 36 Y club meetings during April with a total attendance of 273. There were a total of 91 meetings in the building with a total attendance of 1293 and 136 volunteers served. Mrs. Williams attended an Employed Women's Conference in York during the month.

Mrs. Guyon E. Buehler, finance chairman, discussed the finances for the year and reported a bequest from the estate of the late C. L. Elcholtz, New Oxford.

Mrs. Kramer announced that the National YWCA Week will be observed April 19-25 with special events for each day.

WASHINGTON (AP)—Speaker Martin R-Mass predicted Monday that the House will be ready to adjourn by July 15, but Sen. Knowland R-Calif. expressed doubt the Senate will be able to close before July 31.

Martin and Knowland, the Senate majority leader set forth their views after their regular Monday conference with President Eisenhower.

SEEK DECISION ON PHOTO BAN

PITTSBURGH (AP)—The Pittsburgh Post-Gazette and the Greensburg Tribune-Review Publishing Co. have moved to assure a decision on the legality of the Westmoreland County Court's ban on photographs in the county courthouse.

The newspapers filed a notice of appeal yesterday with the U.S. Third Circuit Court of Appeals. The move means the papers will seek a decision in the Circuit Court if the State Supreme Court does not rule on the case.

Charles E. Kenworthy, attorney for the Post-Gazette, said the action was "a protective one."

Originally, the newspapers asked Federal District Court for an injunction stopping Westmoreland Sheriff Howard Thomas from enforcing the order handed down by the County Court. On March 12, U.S. District Judge Wallace S. Gourley postponed action in the federal courts until the state high court had a chance to act, as they had been asked to do by the papers. He permitted picture-taking in the courthouse if photographers first obtained written consent from the subjects.

The county court order came on the eve of the trial of John Wesley Wable as the phantom killer of the Pennsylvania Turnpike. Wable was convicted and sentenced to death.

secured on a gas furnace with convertible burners and an emergency oil tank in case of gas failure. The present boilers there are "worn out," the board was told.

Presidents and secretaries signed the deed transferring title to the Coit Park tract back to its former owners. The board also ordered paid a \$350 state transfer tax on the transaction.

Gas Line, Meter Changes
Changes in detail plans for the gas lines to the new grade school building and the auditorium annex to the high school were reported to the board. Meter placement changes also are involved. The board will get cost figures on starting with gas heat in the new structures instead of with oil burners convertible to gas as was planned originally. A gas main size was cut from eight to six inches with a saving of about \$500 to the jointure.

The Gettysburg High School Alumni Associated was given permission to use the cafeteria and gymnasium at the school for their annual banquet and dance May 28. Current bills totaling \$2,472 were ordered paid.

The treasurer, the First National Bank, reported a general fund balance of \$15,628 after expenditures of \$45,548 were paid. Cafeteria fund receipts came to about \$3,500 with the current balance reported at \$3,506 after bills of \$3,069 were paid. The activities fund balance was given at \$10,640 and the Athletic fund at \$1,951.

Dr. R. D. Wickerham, board president, presided at the meeting.

2 GEORGESCU FLY TOWARD NEW YORK AND HAPPY REUNION

By OSGOOD CARUTHERS
NEW YORK (AP)—The two Georgescu boys, held hostage by Red Romania seven years in a fruitless effort to get their father to spy on his adopted America, flew toward New York today for a joyous reunion with their mother.

Their homecoming meal will include steak, said overjoyed Mrs. Lygia Georgescu, 46.
The sons, Constantin, 19, and Peter, 15, were reunited in Munich, Germany, yesterday with their Romanian-born father, 50-year-old Valeriu C. Georgescu, whose bold rejection of Communist spy demands gained wide attention last May and caused recall of the first secretary of the Romanian legation in Washington following State Department charges of blackmail.
Washington had been negotiating for months to get the youths out of Romania. Rep. Frances P. Bolton (R-Ohio), who worked on the case last fall as a delegate to the U. N. General Assembly, disclosed last night that President Eisenhower recently wrote personally to the Romanian government, appealing for their release as "the heart-

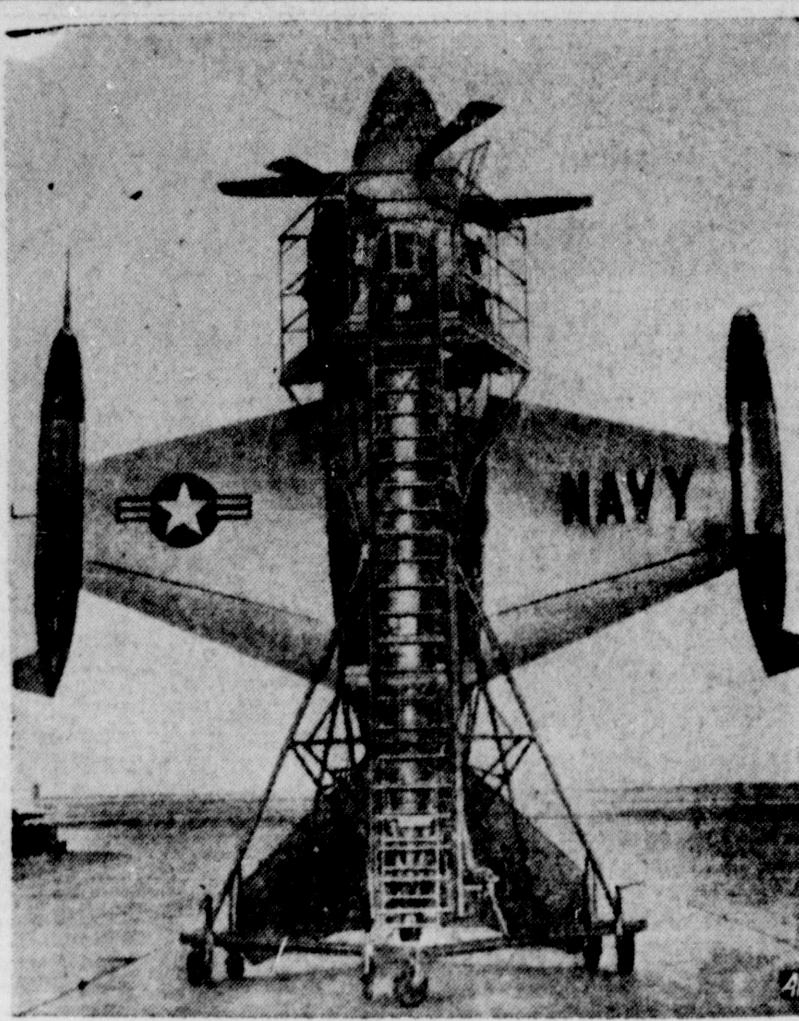

Ask Huge Sum To Deepen Delaware

WASHINGTON (AP)—Senators from Pennsylvania, New Jersey and Delaware have asked the Senate Appropriations Committee for \$6,400,000 to deepen the Delaware River channel and alleviate a "very dangerous condition that threatens the use of the second largest port in the United States."

The senators Saturday backed states that the channel between Philadelphia and the sea should be dredged to a depth of 40 feet.

The parents had not seen the kids since 1947, when the couple left the family's native Bucharest for a two-month visit to the United States. The father, branch chief in Romania for Standard Oil of New Jersey, was refused readmittance "as a representative of American capital, and they refused to let our sons join us." Subsequently Georgescu and his wife became American citizens.

English, Then Baseball
Constantin and Peter left Bucharest by train Saturday and arrived in Vienna yesterday morning. They flew to Munich for a tearful reunion with their father, who said he did not know until two weeks ago they would be freed.
"The first thing I'm going to do," Georgescu told reporters in Frankfurt, "is send the boys to school so they can learn English. After that they'll no doubt want to take up baseball."

TRUMAN WARNS AGAINST RED TACTICS IN U. S.

FULTON, Mo. (AP)—Harry Truman declared last night that in fighting a fifth column in the United States "we should be sure that we do not fall into the trap of adopting the totalitarian tactics of the Communists themselves."

"The nature of the communist conspiracy is such that in combating it we have had to scrutinize, very closely, the lives of many citizens," the former President said. "This is part of the struggle against espionage. But in resisting the enemy, we must not tear ourselves apart."

He said that demagogues in this country "are playing on our fears to further partisan political ends."

Reference To McCarthy
Speaking about "political bogey-men who proclaim themselves custodians of our freedom," he apparently referred to Sen. McCarthy (R-Wis.) without mentioning his name when he remarked:

"There is even one among them whose torrent of wild charges is calculated to damage the faith of Americans in the integrity of their government, Army, schools, churches, their labor unions, and the press. Most of all he is threatening to undermine the respect and confidence Americans must have in one another."

"The cause of freedom both at home and abroad is damaged when a great country yields to hysteria." The former President spoke at Westminster College, where he was scheduled to give another talk today on his presidential papers.

3 County Entries In Legion Contest

BERWICK, Pa. (AP)—Three high school girls have been chosen to represent Montour, Northumberland and Columbia Counties in the state American Legion essay contest.

The winners, announced by Russell Eisenhower of Northumberland, are Sandra Baker of Benton Joint High School, Columbia; Christine Egan, Slovak Girls Academy, Danville, Montour; and Shirley A. Rowland, Mount Carmel Catholic High School, Northumberland.

They were selected after judging at Bucknell University. The subject in the statewide contest will be: "How Can I Prepare for Citizenship?"

New Oxford

NEW OXFORD — Michael Brendle, Robert Dockey, William Rohrbaugh, Noel Taylor, Harold Walton, Pamela Alwine, Nancy Budd, Patricia Ann Estep, and Claudia Ellen Straley compose the class of young people who were received into membership of the First Lutheran church by confirmation Palm Sunday at 10:15 a.m. in charge of Pastor George E. Sheffer.

Men of the local Holy Name society will represent their group Thursday evening, April 22, at the banquet of Holy Name men from this section of the Harrisburg diocese, to take place at the Valencia ballroom in York. Tickets may be secured from local officers.

Jams Brown and children, who have been guests of relatives, friends and neighbors for several weeks since the total loss of their home near here by fire, will resume housekeeping after the completion of the

new home they are building in the "Seven Hundred" area.

C. F. Null, R. 1, who has been in poor health for some time and who was hospitalized in December, is now able to be about and to assist his wife in their work at the Claretta Kennels.

The two-weeks' mission given by the Vincentian priests Father Vincent Lawlor and John Henry at the local Catholic church closed Saturday evening. The first week was for the women and girls, the latter for men and boys of the parish.

Nine Killed In Automobile Accidents Over Weekend As Mild Weather Lures Throngs

By THE ASSOCIATED PRESS

Nine persons died in weekend automobile accidents as balmy spring weather brought out hundreds of motorists on Pennsylvania highways.

A 10th victim, a 4-year-old child, died after running into the side of a moving auto. An Aliquippa, Pa., Marine was killed and three other Aliquippa men injured in an accident at Tiltonsville, Ohio.

Six of the nine weekend highway victims died Palm Sunday in three wrecks, one of them on the Pennsylvania Turnpike.

Morris Cohen, 47, Brooklyn, N.Y., and Claude I. Midgett, 26, Philadelphia, died in the turnpike accident when their tractor-trailer smashed into the side of an overhead bridge and burst into flames. Police said Cohen apparently fell asleep at the wheel.

In Centre County, another tractor-trailer hurtled off a road near Port Matilda, killing Joseph G. Green, 27, Pittsburgh, the driver, and Lawrence T. Fox, Byrnedale, Elk County.

A pickup truck carrying three Herndon, Northumberland County, youths, leaped a curb, sheared off two trees and smashed into the front of the Herndon National Bank, killing two of the youths.

The victims were Frederick Care, the driver, and Darwin Lesher, both 16. Merle E. Inch, also 16, was admitted to Sunbury Community Hospital with possible internal and head injuries.

Theodore J. McNichol, 61, of Northumberland, was killed yesterday when his car swerved off a road and overturned near Aaronson, Centre County. McNichol was a foreman in the Pennsylvania Railroad car shops at Altoona.

In a weekend accident on U.S. 22, near Lewistown, Paul E. Rhodes, 21, of Maitland near Lewistown, was killed, and William E. Ellett, 21, of Lewistown, was injured critically when a car Rhodes was driving failed to make a curve and plunged over an embankment.

4-Year-Old Killed
A second passenger, John I. Dearnment, 18, Port Royal, was reported in fair condition at Lewistown Hospital.

Four-year-old Bobby Lee Lacock of West Mifflin, near McKeesport, was injured fatally when, police said, she darted into the street from behind a parked auto and ran into the side of a moving

auto. She died three hours later in McKeesport Hospital.

Andrew King, 5-month-old son of a Shippery Rock couple, died Saturday from injuries suffered Friday night in a Butler County auto wreck. State police quoted the child's father, Mont A. King, 28, as saying the lights of an oncoming car blinded him and his auto ran off the road into an embankment.

The Marine victim in the Tiltonsville accident was Frank Porter, 22, Howard C. Biesenkamp, 23; James E. Brougher, 22; and Donald Fouse, 20, were injured when the car Porter was driving smashed into the iron pilings of a railroad underpass.

Brougher and Biesenkamp were taken to the Marine Ferry Hospital. Fouse was taken to Ohio Valley Hospital, Steubenville, Ohio.

EXILED PRINCE DIES IN CRASH

DATCHET, England (AP)—Exiled 26-year-old Prince Nicholas of Yugoslavia was killed in an automobile accident as he drove through this Buckinghamshire village early Monday.

He was a cousin of ex-King Peter and the younger son of Prince Paul, regent for the young King before World War II. He also was a nephew of the Duchess of Kent, the former Princess Marina of Greece.

Nicholas was alone in his car when it plunged into a ditch.

Prince Paul and his family fled from Yugoslavia in 1941 after an uprising overturned the government which, under his regency, had yielded to Hitler and Mussolini and allied Yugoslavia with the Axis.

Nicholas became an acting pilot officer in the Royal Air Force. Recently he had been working for an oil company.

In 1952 he was briefly rumored romancing with Princess Margaret.

NEW SUNOCO GAS

PHILADELPHIA (AP)—Sun Oil Co. says it is now selling at all Sunoco stations in 18 Eastern states and the District of Columbia a new high anti-knock gasoline which will give "five more miles per dollar of top engine performance than premium-priced gasolines."

The company has also announced that it has awarded contracts for

T. E. TRANSEAU DIES SUDDENLY

CAMP HILL, Pa. (AP)—Funeral services will be held Wednesday in Philadelphia for T. Elmer Transeau, 63-year-old director of the Pennsylvania Highway Safety Bureau.

He died Saturday following a heart attack in his home here.

Transeau, who held the \$9,000-a-year position for the last 15 years, was found by his wife slumped over in the basement of their home.

Dr. C. Richard Miller, Harrisburg, said death was caused by a heart attack. Burial will be in Forest Hills Cemetery, Philadelphia, following private services.

Executive director of Gov. John S. Fine's Highway Safety Advisory Committee since its inception in 1948, Transeau was nationally known in traffic safety and its allied fields.

Was Gas Rationer

He served as state gasoline rationing administrator from December, 1941, until June, 1942, and was in charge of administering state mileage regulations from 1942 until the close of World War II.

Before entering the employ of the state, Transeau served as traffic engineer for the city of Philadelphia and was assistant director of public safety for four years.

A total of 41 years of his life was spent in various executive capacities with municipal, state and federal governments.

He was chairman of the Committee of Forms and Statistical Practices of the National Conference of Accident Statistics and wrote several articles on traffic safety.

He is survived by his widow, Mrs. Lillian K. Transeau, and a daughter, Mrs. I. H. Kiesling, St. Louis, Mo.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

New Businesses Coming To State

HARRISBURG (AP)—The secretary of the commonwealth said the rate of new business incorporations in Pennsylvania is on the upgrade.

Senator Gene D. Smith disclosed during the weekend that 604 new businesses were incorporated in the state during January and February of this year to make a gain of 13 per cent over the same period last year.

"These statistics are in sharp contrast to the 'gloom and doom' prophecies made by opponents of the Eisenhower administration," he said.

Zoologists say the Kiwi, New Zealand lightless bird, never takes a drink of water unless it is sick.

Big Bertha was a cap pistol!

TEXAS EASTERN SERVES THE COMPANIES THAT SERVE YOU
Lowering gun tubes into a gas-fired pit furnace for hardening. Parts of the 85-ton Atomic Cannon are similarly heat-treated. Gas for the arsenal is delivered by Boston Consolidated Gas Company, served by Algonquin Gas Transmission Company, a customer of Texas Eastern.

Remember Bertha? In her day she was a whale of a cannon. But she was a cap pistol compared to the destructive power of the Army's new Atomic Cannon that is strengthening your security. With pin-point accuracy the Atomic Cannon throws an 11-inch atomic shell 20 miles! To withstand the shock and terrific heat of firing, vital parts of the Atomic Cannon are hardened in gas-fired furnaces. In heat treating processes, high temperatures are necessary... critical control is demanded... and economy is a consideration — that's why the Watertown Arsenal, Watertown, Massachusetts, uses gas.

STATE POLICE USE RADAR TO TEST SPEEDING

HARRISBURG (AP)—Pennsylvania state police are storing up experience with radar in order to act as advisers to the General Assembly on expected legislation to make use of the speed recording device legal in speeding arrests.

"I don't doubt for a minute that new legislation will be introduced to revise our laws along those lines," said Col. C. M. Wilhelm, state police commissioner. "We want to be ready to take a stand."

The testing ground for the device is the Pennsylvania Turnpike. Experience has not yet been extensive enough to venture an opinion on its practicability, Wilhelm said.

State police at present are placing themselves at intervals along the 327-mile toll road and testing the speed of passing vehicles by use of radar. When an illegal speeder is noted, word is phoned ahead to other police to get on his trail.

Quarter-Mile Timing

Under Pennsylvania law, a motorist must be timed for at least a quarter mile by police to be arrested and convicted for speeding. Police car speedometers are checked monthly for accuracy.

Under legislation proposed in

other years and expected again in the 1955 General Assembly session, radar records would be accepted as proof of speed law violations.

Speed on the turnpike is limited to 70 miles per hour for passenger vehicles and 50 for trucks on the eastern half. In the west it is 60 for passenger vehicles and 45 for trucks.

On the remainder of highways in the commonwealth, the speed limit is 50 miles per hour with lower speeds in urban areas.

Wilhelm, who has opposed speed limits above 50 previously, said that an experimental 60 mile limit on Rt. 22, along a 33-mile stretch of dual highway east of Harrisburg, is working out "apparently not too badly."

Favor More Experiments

However, it is too soon to use experience there as a precedent," Wilhelm said. The 60 mile limit was inaugurated in January.

The Pennsylvania Motor Federation took a stand behind Wilhelm in advocating further experimentation with radar as a speed recording device.

R. B. Maxwell, PMF secretary-manager, added that it is "not fair to treat speed alone as a cause of accidents on the turnpike especially since the Turnpike Commission is installing numerous safety devices."

He referred to medial barriers of metal and of shrubbery and automatic weather warning devices installed along the toll road.

In West Chester County, N.Y., a court case recently upheld the

HARRISBURG FACES ANOTHER BUS STRIKE

HARRISBURG (AP)—Harrisburg bus riders today faced a strike of the city's bus company effective next Tuesday.

Employees of the Harrisburg Railways Co. voted by a wide margin yesterday to go on strike at 2 a.m. April 20 unless the company made a "substantial offer."

Under the same vote, which was 135 to 36 in favor of the strike, the union employees rejected a company "proposition" mailed to each worker last weekend and approved sending an "immediate and sharp" answer to the letter.

The company drivers and other employees postponed a strike last Feb. 8 at the request of Gov. John S. Fine for further negotiations.

The more than 300 employees agreed after considerable discussion to operate "courtesy cars" during the strike.

These are private vehicles operated by striking employees to carry passengers along normal bus routes.

The company furnishes service throughout Harrisburg and some outlying points.

5-Cent Wage Boost

The letter sent to the employees by the company's negotiating committee outlined recommendations which would be submitted to the management if endorsed by the employees.

Included in the recommendations were a five-cent hourly wage boost and several fringe benefits.

John Elliott, international AFL bus union vice president, said there would be "no further postponement of the strike unless the company made a substantial offer."

"I hope there is such an offer," he said, adding:

"I'm sure that our action will lead to meetings before the deadline."

He expressed hope that if no one else asked for a meeting, the federal mediator might do so.

May Turn To Fine

"Maybe Gov. Fine will give us fit to bring his influence to bear in settling the strike," Elliott said.

The letter, to be sent in answer to the company letter, called the company's communication "an insult in that it suggested the union members were under a misconception about the company offer."

Elliott said the letter also will point out that the Valley Transportation Co., a smaller firm serving West Shore points, settled with the same union several weeks ago by granting a 15-cent an hour wage increase including benefits.

The Valley Transportation strike lasted six weeks.

legality of radar speed traps. The court heard testimony that there generally is no deviation in accuracy of the speed-recording device and never an error of more than two or three miles per hour.
